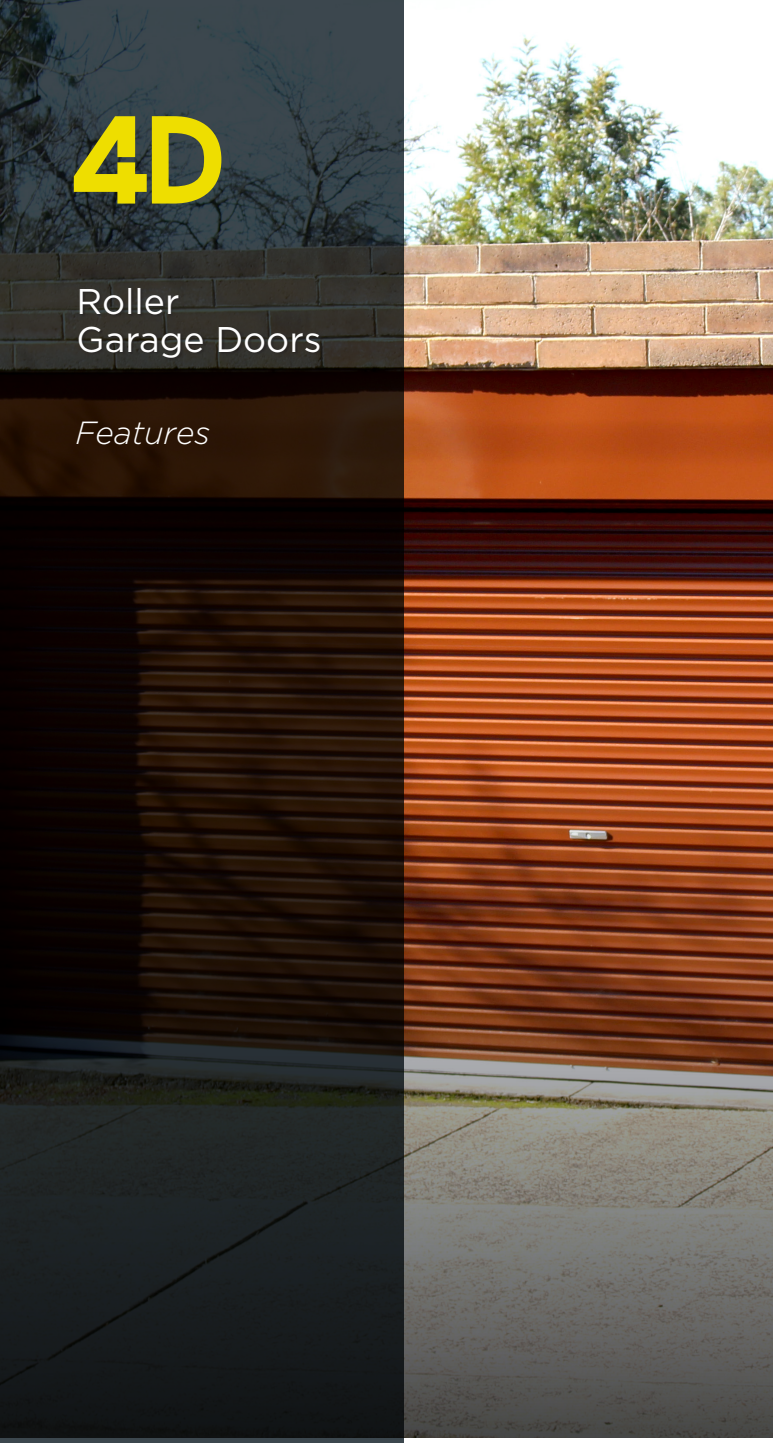
Roller
Garage Doors

Features



AUSTRALIAN DESIGNED
AND MANUFACTURED

Deepest profile to ensure a strength and rigidity not possible before in roller doors. NovaTaur® roller door also features the safest tracks in Australia. Each door is designed with the widest range of springs for smooth and easy operation.

NOVATAUR®

NovaTaur® roller doors deliver more than stylish good looks, their deep profiles ensure a strength and rigidity not possible before in roller doors.

As a result they have applications beyond the family home. NovaTaur® roller doors come in both Residential and Commercial versions and in a selection of popular Colorbond® colours.

SERIES A / AA

When choosing a roller door from the Series A / AA range you're getting a door that's strong, reliable and offers real value.A roller door with good looks and performance.

Every roller door features a stylish curtain made from high quality Colorbond® steel in a wide range of contemporary colours.

ROLLER DOORS &
FENCELINE ROLLER DOORS

FENCELINE

A fenceline application utilises the Roller door to provide manual or automatic access into your parking space from a right of way. Generally encompassing steel posts concreted into the ground for support, the Fenceline Roller door provides a compact and practical method of access.

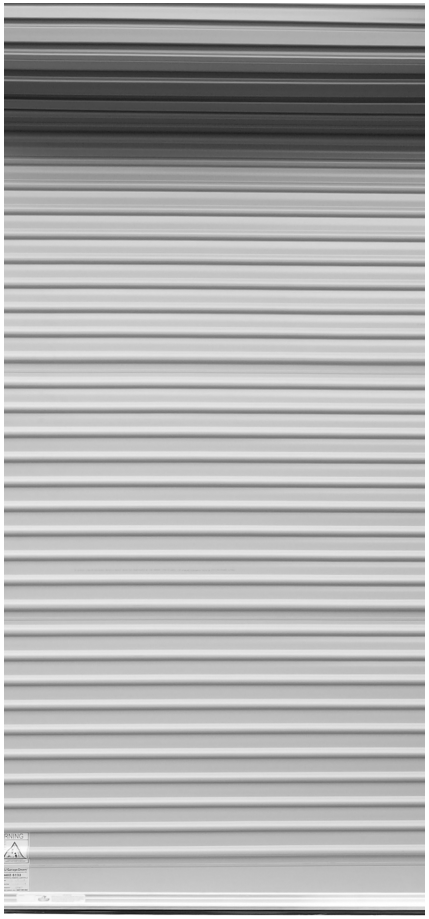
Features

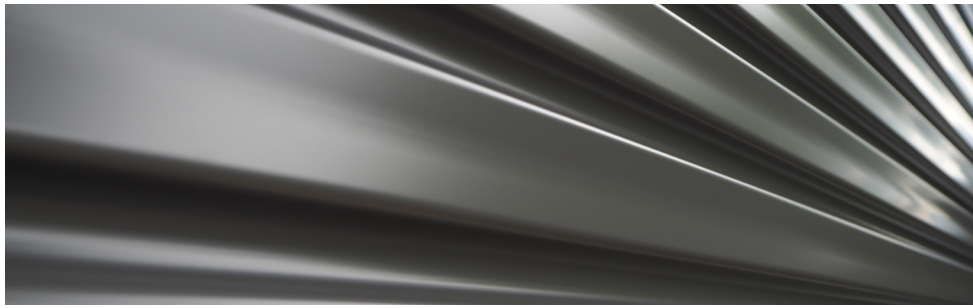
Boost your security by choosing the strength and style of a highly innovative NovaTaur® Door System. Our leading-edge NovaTaur® commercial roller doors are ideal for your shopfront, warehouse or storage facility and will enhance the value and security of your business.

AUSTRALIAN DESIGNED
AND MANUFACTURED

The NovaTaur® Commercial Range

NovaTaur® – the newest commercial roller door on the market – is the complete package. First, the NovaTaur® roller door is designed to be super strong with a deep profile and thick curtain (0.55 mm) to ensure the ultimate rigid curtain. Then, we use the largest range of springs so you have the best-balanced door available. Doors are also customised to suit your requirements and tested for 25,000 cycles. The result? Unbeatable durability, reliability and peace of mind.





Door innovation that's Taurean strong – and then some

The NovaTaur® Commercial Roller Door doesn't compromise. A heavy-duty bottom rail, the deepest profile in Australia and a specially designed drum wheel ensure each door is designed to withstand many years of operation. In addition, the bottom rail wheel allows the door to run even more smoothly. Apart from ensuring longer door life, a smoother, better running door also means the opener delivers the ultimate in performance.
